

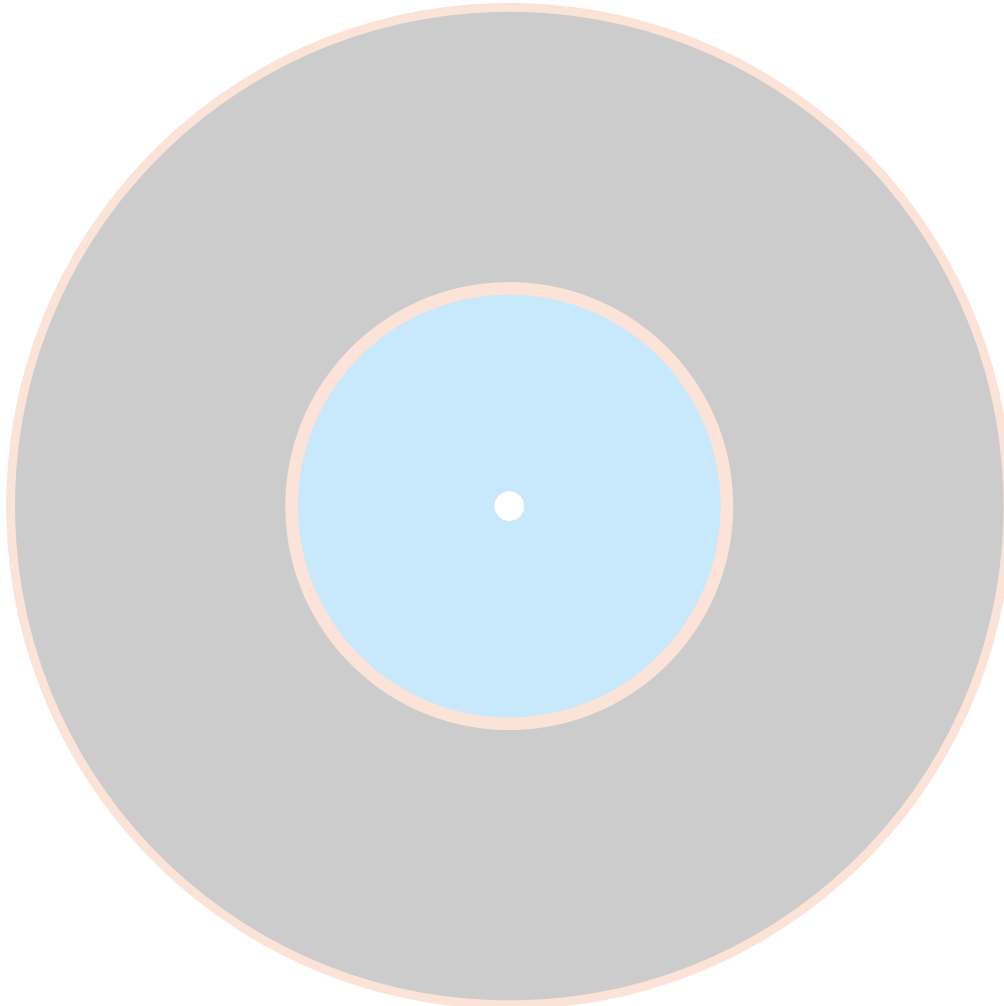

Graphic Vinyl 10"

 Diameter 242 mm to 106 mm = area for your image

 Diameter 100 mm to 7 mm = label

 area without image

Delivery

Please compose your image exclusively in shades of grey or in black/white.

Acceptable digital file formats:

- EPS (preferably vectors)
- TIFF (up to 500 dpi)
- Bitmaps (up to 1200 dpi)
- PDF

If you would like to deliver the lacquer (blank) as well please note:
We can solely use lacquers of type MDC!

General notes

Please take into account that a more positive effect is achieved on dark vinyl colours (the image is better visible).
Due to technical reasons a label is required on both sides of the records (the records would deform otherwise).
